- Children and Young people will have a voice in determining the Music Service offer.
- Remissions and subsidies will be in place to enable access and participation.
- Children and young people will be at the heart of their own personal development.
- The SMEP will show how the Music Service works with ALL schools.
- We will value all styles and forms of making and learning music equally.
- We will continually review our practice and work collaboratively to meet the needs of Milton Keynes.
- Inclusion will be central to our work including areas of funding, strategy, resource allocation, planning, programming, curriculum, professional development.
- We will have a team of appropriately trained professionals who are able to recognise and overcome barriers to learning and who can support learning across all genres. This may involve collaboration with partners including neighbouring Music Services.
- We will use singing, digital music tech and assistive technology to make provision more accessible or engaging.
